To whom it may concern:

In my past experience as Mayor and Supervisor, I had the pleasure of working with Gallery Homes on several of their residential communities from the entitlement process through completion of homebuilding. I have always been a strong supporter of developing high quality residential in-fill projects, and Gallery Homes and Rick Hauser have done some exemplary projects in cities and counties under my jurisdiction.

I have always found the Gallery Team and Rick Hauser to be very conscientious in their approach to developing their residential communities. Their land planning, pioneering design, attention to every detail really shows in their finished homes and communities. My wife and I really loved one of their communities located in Temecula, so we actually purchased a Gallery home! That is probably the best endorsement I could ever give to any homebuilder.

Gallery Homes has always been honest in their representations and dealings with the city officials in the cities and areas I oversaw, and therefore, I strongly support Gallery Homes in all of their endeavors.

Should you have any questions or comments, please do not hesitate to contact me at your convenience.

Sincerely,
